DETAILED ACTION

Allowable Subject Matter

1. Claims 1-31 are allowed.
2. The following is an examiner's statement of reasons for allowance: although the prior art of record of Khoury shows predriver including a p-type pull-up transistor and a p-type pull-down transistor and a pair of n-type driver transistors, but the source of the p-type pull-down transistor is not couple to ground; Rokhsaz show predriver a p-type pull-up transistor and a p-type pull-down transistor and a pair of p-type driver transistors or a n-type pull-up transistor and a n-type pull-down transistor and a pair of n-type driver transistors which are the same type, with respect to claims 1, 11, 21, 26, and 31, in addition to other limitations in the claims, the prior art of record fails to teach, disclose, or render obvious the applicant's invention as claimed, particularly the feature describing:

-at least one pull-down device of the first device type having a source coupled to ground and a gate coupled to a gate of the pull-up device.

-at least one pull-down device of the first device type having a source coupled to ground and wherein the pull-up device is cross-coupled to the pull-down devices.

-at least one pull-down device of the first device type having a source coupled to ground and a first output pad coupled to the first switch to provide the complement output driver signal onto the chipset for communication over the serial interconnect, and a second output pad coupled to the second switch to provide the output predriver signal onto the chipset for communication over the serial interconnect.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
